

Premium Gold Cedar Decking

- CLEAR FACE VERTICAL GRAIN CEDAR -

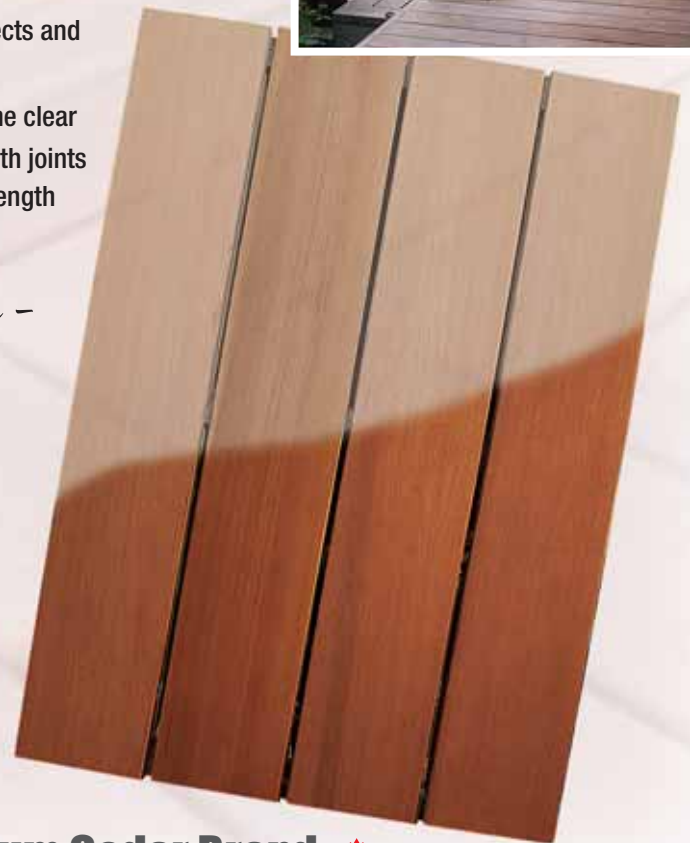

Quality - CICP Clear face Vertical Grain Cedar Decking makes one of the most attractive natural wood decks on the market today. The warmth and beauty of the clear Western Red Cedar deck will make even the most discerning owner proud that they chose a natural wood product.

This engineered decking product is designed for performance and stability while retaining all the inherent characteristics of a solid clear product at an economically comparable price and is environmentally friendly.

1) The clear vertical grain face is a 100% solid full length defect free veneer laminated to an appearance grade finger jointed, edge glued, tight knot, wane and bark free cedar substrate.

2) The face is pre sanded ready for staining etc.

- 3) The waterproof adhesive used has no added urea formaldehyde.
- 4) Dimensions - 5/4" X 4" (1 1/32" X 3 1/2" X R/L - specified available)
- 5/4" X 6" (1 1/32" X 5 1/2" X R/L - specified available)
- 5) The natural oils contained in the cedar make it highly resistant to insects and decay.
- 6) There are a number of different manufacturing options available for the clear face decking. One being a finger jointed face allowing for minimum length joints i.e. 4' & 5'. The net result would make the product available in any one length up to 20' long. (please enquire)
